

Pollution Incident Response Plan

This Pollution Incident Response Plan has been made publicly available as per Clause 98D of the Protection of the Environment (General) Amendment (Pollution Incident Response Management Plans) Regulation 2012 and the Protection of the Environment Operations Act 2011.

For the purpose of this plan a 'pollution incident' is defined as:

"An occurrence or set of circumstances during or as a consequence of which there is or is likely to be a leak, spill or other escape or deposit of a substance, as a result of which pollution has occurred, is occurring or is likely to occur. It includes an incident or set of circumstances in which a substance has been placed or disposed of on premises, but it does not include an incident or set of circumstances involving only the emission of any noise." ('Pollution Incident', Dictionary, Protection of the Environment Operations Act 1997)

Notification of Pollution Incidents

In the case of an emergency Cement Australia's NSW sites will contact the Emergency Services immediately on 000.

After Emergency Services have been contacted, or in the case of non-emergency pollution incidents*, Cement Australia's NSW sites will notify the following Authorities as follows:

Environment Regulatory Authority (EPA)	13 15 55
Public Health Unit	1300 066 055
Work Cover Authority	13 10 50
Newcastle City Council	02 4974 2000 (Newcastle Terminal)
